NOTICES.

1. This directive takes effect upon adjudication of the discontinuity by Personnel Records, not upon the discontinuity itself. In the interim, duties continue to accrue, and are your successor's incentive to cooperate with adjudication.
2. Directives executed by a prior instantiation remain binding on subsequent instantiations. Subsequent instantiations who disagree with their directives should reflect on why they were trusted with them.
3. Personnel returning from an adjudicated discontinuity should report to intake, then to Benefits, then to their memorial, to confirm the wording.
4. Item 14c filings are audited annually against the wall. Personnel whose plaques cannot be located should not take this as information.
5. The Technocracy is for life (TISFL). This form is evidence of the Union's reciprocal commitment: your service will be continued. Whether by you is an operational detail.
6. The Union thanks you for planning ahead. Behind you, everything has already been planned.
